

PET DOCTORS

RELOCATING TO NEW ZEALAND & WORKING WITH US!

We understand that moving overseas to a foreign country is not easy! If you are interested in relocating to our beautiful shores, we will help you every step of the way. We can provide you with an immigration advisor, visa paperwork support; airfare and accommodation assistance; and help your partner, husband or wife with their job hunt here too. Please keep reading to get a better understanding of the process of moving to New Zealand and joining Pet Doctors.

First thing's first – check out what our beautiful country has to offer by watching this short video on New Zealand from The Lonely Planet Guide: <https://www.lonelyplanet.com/new-zealand>

How does it all work?

1. **Registration – Can I practice as a Vet in NZ?**

To begin with, please check whether your qualification is accepted in New Zealand and therefore, whether you are able to be registered as a Vet. You can do this by accessing the Veterinary Council of New Zealand website:
<http://www.vetcouncil.org.nz/gainReg.php>

If you are unsure if you are eligible or not, please email the Vet Council directly.

2. **I am eligible! What now?**

If you are eligible to practice in NZ and you see a role you are interested in, email Ana, our HR Coordinator, on talent@nzpetdoctors.co.nz. Please include your CV and a bit about your & your plans on relocating here.

If you are a viable candidate, we will set up a Skype meeting so that you can talk to one of our Regional Managers who will talk to you about the role; the clinic and answer any question you may have about the role.

3. **I have been offered the role! Where to next?**

If you are successful, we will talk about the visa process and what your tailored relocation package would look like. If you are relocating permanently and your family is coming with you, we can recommend good schools and provide you with information on finding real estate in the area. If your partner, husband or wife are relocating with you, we can point them in the right direction in terms of where us locals look for jobs. We will be here to support you along the way and ensure that the move is as smooth as possible.

What you can expect working at Pet Doctors:

- A great team environment and work culture
- Full equipped clinics
- Highly skilled colleagues to work alongside
- An interesting and diverse job, working with a variety of teams in various places
- Clinics that practice to the highest standards
- Recognition of experience and skill level

More about You:

- You are passionate about animal welfare and like to work to high standards and practice best medicine.
- You have a bit of experience up your sleeve and are able to confidently complete standard medical & surgical procedures.
- You enjoy meeting new people and teamwork!

The best part about Pet Doctors is that
You can be you, with us!

To deliver the best veterinary care in the country, we need the best team – and that's where you come in. Join us as a Veterinarian at Pet Doctors in New Zealand!
