

## WAIHI VETERINARY SERVICES MIXED-PRACTICE VETERINARIAN

Full-time, Monday – Friday

We would love to hear from you if you are a mixed practice veterinarian who would like to join our team of 4 vets, 2 nurses, a dedicated front-of-house and our team leader, who keeps us organised!

### A bit more about the position:

In this role, you will be helping to treat our companion animal clients in the clinic and you will be assisting our dairy vets with the large animal side of our business. Therefore, it is important that you share a passion for mixed-practice work and are capable in both areas. Of course, we have an amazing team who will support you and if you require upskilling or any further training, we will provide that for you!

The role is for 40 hours per week and as given we help clients far and wide, our team shares the on-call roster for afterhours work on a rotating basis for emergency situations. However, the clinic operates from Monday to Friday and is closed on weekends.

### **A bit more about you:**

You are a passionate and driven vet, who has worked in a mixed-practice before and enjoys being a part of a team dedicated to providing a gold standard of service. You are confident in your abilities but are also aware of your limitations and are not shy to ask for help from your fellow vets. You are able to work afterhours as per a rotating roster and can commit to Monday – Friday shifts.

Most importantly, you are keen to be a part of our team and enjoy working in a mixed-practice environment.

### **A bit more about Waihi Veterinary Services:**

Our clinic is dedicated to helping our local dairy farmers and local companion animal community. Between us, we have over 50 years' experience and we have created a fun culture with a family vibe. **You can be you, with us!**

Our clinic is fully equipped for all standard medical and surgical procedures and we have recently purchased new utes to help our large animal vets get around (in style!)

We are a part of the Pet Doctors' Group, which means that we have the support of an administration office and a Regional Manager who looks out for the operational side of the business, letting us do what we love – helping animals in need!

### **Waihi – A beautiful spot!**

Waihi is a popular destination for those who love the outdoors; the beach; and a relaxed lifestyle. We are an extremely popular holiday spot in the summer time and a peaceful place of residence throughout the year. We are very central to the Coromandel, Waikato and Bay of Plenty! Waihi has strong community development initiatives in place, including those supporting culture and heritage, the arts and fitness and well-being. Come and join us!

**If you're not from Waihi or from New Zealand**, we have tailored relocation packages that we can offer you. This includes airfares; registration fees; visa support; accommodation and support throughout the process (we help you every step of the way!)

**Interested in applying?**

If you are interested in applying, please email Cavan Palmer your CV and a bit about yourself:
